For me the key to satisfying artichokes is to have a plate of good bread and a wedge of a good cheese. I don't care what it is - any sharp cheese will do - and I could

easily eat ten slices of Brie for breakfast. If you don't have a plate of bread and cheese in the morning, you're doing it wrong. Artichokes aren't "bad" to eat by themselves, but you'll find that cutting them into smaller portions before you cook them makes them much more palatable. By the way, there are also many different ways to cook artichokes - from boiling them whole to poaching them in a pot of simmer
